

GuanYue (Yuma) Wu

B. Sc with Distinction and J.D. from UBC, LL.M. in Technology and Law from Georgetown University

About Me

Hello! I'm Yuma (she/they). I'm a sapling academic looking to put my roots down in the technology and policy field. My expertise spans tech and law, and I welcome interdisciplinary collaboration.

Work Authorization

Canada (Canadian Citizen)
Security Clearance: None

Academic Interests

As a legal scholar, I study the regulation of *artificial companionship* – AI girlfriends, robot dogs, and other similar artifacts. My ancillary areas of legal and policy expertise include responsible AI regulation, as well as platform governance and privacy regulation. I am also a Human-Computer Interface researcher studying the cognitive and social impact of AI companionship.

Areas of Legal Expertise

- Technology Policy • AI
- Robots • Criminal (Canadian)
- Competition (Canadian)
- Condominium (BC)

Areas of Technical Expertise

- Social Robotics
- Human-Computer Interaction • Machine Vision
- Gesture Detection

EMPLOYMENT

2025-2026	Research Assistant to Professor Jennifer Chandler UNIVERSITY OF OTTAWA · Ottawa, Canada 📍 Conducted interdisciplinary research on EEG technology and legal analysis of its privacy implications.	
2025-2026	Teaching Assistant to Professor Michael Purcell UNIVERSITY OF OTTAWA · Ottawa, Canada 📍 Providing technical support, drafting practice questions, and administering weekly tutorials for a first-year criminal law course.
