# GuanYue (Yuma) **Wu**

B. Sc with Distinction and J.D. from UBC, LL.M. in Technology and Law from Georgetown University

### About Me

Hello! I'm Yuma (she/they). I'm a sapling academic looking to put my roots down in the technology and policy field. My expertise spans tech and law, and I enjoy interdisciplinary collaboration. In my spare time, I am an avid gamer and crocheter.

### Work Authorization

Canada (Canadian Citizen)
Security Clearance: None

### Academic Interests

As a legal scholar, I study the regulation of *AI companions* – AI girlfriends, robot dogs, and other similar artifacts. My ancillary areas of legal and policy expertise include responsible AI development and AI regulation, as well as topics in digital addiction and data privacy. I am also a Human-Computer Interface researcher studying the cognitive and social impact of AI companionship.

### Areas of Legal Expertise

Technology Policy • AI • Robots • Criminal (Canadian) • Competition (Canadian) • Condominium (BC)

### Areas of Technical Expertise

Social Robotics • Human-Computer Interaction • Machine Vision • Gesture Detection

### Personal Interests

Tabletop & Video Games
Fibre Arts
Cooking

## Employment

2025-2026
**Teaching Assistant to Professor Michael Purcell**
University of Ottawa · Ottawa, Canada
Providing technical support, drafting practice questions, and administering weekly tutorials for a first-year criminal law course.

2024-2025
**Research Assistant to Professor Rafal Kulik**
University of Ottawa · Ottawa, Canada
Collaborated with an interdisciplinary team and leveraged technical observations about differential privacy to support concrete policy suggestions.

2023-2024
**Research Assistant to Professor Amanda Levendowski**
Georgetown Law Center · District of Columbia, USA
Compiled scholarly work and case history of prominent cases involving AI and fair use in US jurisprudence

2020-2022
**Research Assistant to Professor Kristen Thomasen**
Allard School of Law · Vancouver, Canada
Compiled and summarized history of sidewalk robot regulation, home surveillance systems, and drone privacy news in Canadian and US law.

2020-2022
**Course Assistant to Professor Kristen Thomasen**
Allard School of Law · Vancouver, Canada
Researched and updated case law selection in the course material and designed practice exam questions for exam preparation classes.

2019
**Machine Vision & Spectroscopy Researcher**
Heidelberg University · Heidelberg, Germany
Visualized hyperspectral gastrointestinal data, assessed performance of Da Vinci virtual reality surgical machine, and assisted in laparoscopic surgical experiment design.

2018
**Machine Learning & Robotics Researcher**
Advanced Telecom. Research Institute · Kyoto, Japan
Analyzed and produced gestural data and multilingual speech data for training novel android Erica.

2018
**Data Analyst**
Statistics Canada · Ottawa, Canada
Constructed inference system for correcting census records and coordinated cross-departmental documentation and research initiatives.

2017
**Machine Learning & Robotics Researcher**
Kindred AI · Vancouver, Canada
Drafted documentation library for onboarding new researchers, designed object detection and manipulation programs, and constructed and maintained robotic entities for experimental use.

## Education

2024-ongoing **Doctorate of Philosophy (Ph.D.)**
Law · University of Ottawa

2023-2024 **Master of Laws (LL.M.)**
Technology and Policy · Georgetown Law Center

2020-2023 **Juris Doctor (J.D.)**
Law · University of British Columbia

2015-2020 **Bachelor of Sciences (B.Sc.) with Distinction**
Computer Science · University of British Columbia

## Volunteering and Other Experience

2024 **Legal Researcher**
Center for AI and Digital Policy (CAIDP) · USA
Drafted public comments according to CAIDP's policy objectives for submission to government agencies, including the National Institute of Science and Technology (NIST) and Office of Management and Budget (OMB).

2023-2024 **Assistant Editor of Georgetown Law and Technology Review**
Georgetown Law Center · USA
Edited, proofread, and fact-checked technology explainer articles.

2021-2022 **Reading Group Organizer**
Allard School of Law · Canada
Researched academic works on technology and law, moderated discussions of said works, reached out to guest speakers in the field, and managed logistics of weekly inter-faculty meetings.

2021 **Burns Moot Participant**
Allard School of Law · Canada
Practiced trial advocacy skills and coordinated group strategy sessions.

2020-2021 **Student Clinician**
Law Student Legal Advice Program (LSLAP) · Canada
Drafted written submissions for criminal trial proceedings, conducted legal research for an abuse of process application, presented oral argument at the BC Surrey Provincial court, and conducted client intake.

2020 **Help Center Agent**
LiveHelp (Pro Bono Students Canada) · Canada
Answered queries and compiled information on family law topics.

## Awards and Honours

2023-2024 **Thomas Bradbury Chetwood, S.J. Prize 2024**
Georgetown Law Center · District of Columbia, USA
Awarded for achieving the highest academic average in the 2024 Technology Law and Policy LL.M program.

2023 **Georgetown Law Center Merit Scholarship**
Georgetown Law Center · District of Columbia, USA
Awarded for outstanding potential as an incoming LL.M student.

2023 **Lorraine Douglass Prize in Condominium Law**
University of British Columbia · Vancouver, Canada
Awarded for outstanding academic achievement in the Peter A. Allard School of Law's Condominium Law course.

## Conference Proceedings

2025 **4th ACM Symposium on Computer Science and Law**
Technical University of Munich · Munich, Germany
Poster presentation on the work in progress, "Silicon Love: Deception, Vulnerability, and Artificial Companions"

2025 **WeRobot Conference 2025**
University of Windsor · Windsor, Canada
Poster presentation on the work in progress, "Lossy Lenore: What Replika Tells Us About Regulating Artificial Companions"

2025 **ACM CHI conference on Human Factors in Computing Systems**
PACIFICO Yokohama · Yokohama, Japan
Late Breaking Work, "Silicon Love: Deception, Vulnerability, and Artificial Companions"

2023 **WeRobot Conference 2023**
Boston University · Boston, USA
Poster presentation on the work in progress, "Rethinking the Rights-Based Approach to Proposed PIPEDA Reforms to Address Artificial Intelligence"

## Non-Refereed Publications

2024 **CAIDP Comments on NIST Risk Management Framework Following White House Executive Order on AI**
Center for AI and Digital Policy · District of Columbia, USA
Response to NIST request for comment following the White Hourse Executive Order on AI

2023 **Surreptitious Surveillance in Condominium**
CanLII Connects · Canada
Discussion of the legality of surreptitious surveillance by strata corporations and policy suggestions for strata surveillance in the future.
